## WASHINGTON FOR CUBA HE HAS PROVEN IT

Its People Favor Recognition of Dr. Walker Has Proven to the World the Struggling Patriots.

MASS-MEETING THE THING

Expression of Opinion From the Residents of the National Capital Would Be Eminently Proper and Carry Great Weight-Interviews With Prominent Citizens.

The proposition advanced in The Moto ing Times of yesterday that a demonstration in behalf of Cuba and her soldier-patriots be made by Washington, touched a popular

Almost every viere the idea was received with favor. In one locality it was re-Washington is with the sunburnt, bloodstained and gatlant little island in her fight against royalty, unjust taxes and

rotten government.
In every sphere of life, with a solitary exception, the citizens shouled, "Down with Spain and up with Cuba," Many were so enthusiastic that they advocated the amexation of the island, and believed that material aid should be extended the

revolutionists.

The Times first visited the little colony of Cubans who ran a cigar factory on Ze which they were in receipt of through revo-lutionary headquarters at New York indiented emphatic victories for the Cuban cause despite the red and yellow reports 
Judge Cole yesterday rendered a de which are being sent under Spanish auspices cision in the Colegrove case, deciding ad-

to the outer world.

AMONG RESIDENT CUBANS. Senor Aquilar exclaimed: "Long live Cubat" and the other Cubans clustered around him joined in the chorus.

Mr. Whitney, secretary of the United States Guarantee, Lean and Investment Company, brought his fist down on his hard wood desk and declared with decision: "I am with Cuba, heart and soul. So ought we all to be. If I could contribute to the triumph of her cause I'd-do it. She deserves success. If Providence does its duty she will win. I am against king rule every time."

Mr. John Joy Edson, president of the Washington Lean and Trust Company. thought that the American people sympa thized with Cuba's fight for freedom. Washingtonians were the Americans of Americans. Their sympathies were Cu-

oan. Their tongues and voices should follow their sympathies. He thought it a commendable idea to hold a measter meeting here and permit the moral sentiment of the District to find vent. When the under dog was right

he was with that under dog.

Mr. John R. Carmedy, treasurer of the ame company, took an opposite view. He favored the "let-alone" policy. He thought it best that we keep our hands off. Mr. Saks, of Saks & Co., told the re-porter that be had not given the question

any thought, and would refrain from an CAUSE IS RIGHTEOUS.

Mr. Fritz Renter, of restaurant celebrity, believed in the righteousness of Cuba's cause, and hoped that the god of war would be with her. He thought the meeting as proposed by The Times would be just the thing for Washington to do.

Mr. Crosby, of the National, and Mr. Birch, of the Ebbitt, favored the plan. The opinion, they said, in Washington is that Cuba is right, and Washington would wel-come an opportunity to express that

Mr. L. D. Wine, of the firm of B. H. Warner & Co., personally sympathized with Cuba, but thought it unwise for us to put ourselves on record by a public meeting. If we should become involved and eventually absorb Cuba, he thought that it would require a long course of training to transform Cubans into acceptable Americans.

Service Commissioner Harlow thought that Cuba was right and thought that the well-nigh universal sentiment in the United States favorable to Cuba was right. Washingtonians knew that Cuba suffering from oppressive and the curses of royal rule. He would like to hear Washingtonians speak out in meeting.

WHAT OTHERS SAY. All the people along the river front-Supt. John Callaban, of the Norfolk & Washington Steamboat Company; Agent Bowling, of the same line; Manager Ridley, of the Washington Steamboat Company, and all others with whom the re-porter spoke-accepted the idea greedily. People throughout the down-town Government departments would like to see the

plan put into effect. Mr. and Mrs. Fonts, of Havana, who are stopping at the Ebbitt, told the reporter that confidence in the ability of Spain to crush out the uprising was losing ground, and that the strength of the insurrectionists

seemed to be increasing. The statement was made to the reporter that the reason capitalists were not so en-thusiastic in behalf of Cuba as their poorer brothers is that they hold millions of Spanish securities, based largely on Cuba. The consensus of opinion is that a public demonstration, as suggested in The Morning

Dr. Waiker is still engaged in his remarkable work of restoring men-and women who have lost health and hone. Every day brings some new triumph. He has asserted that nervous ard chronic diseases can be cured. He has also proven his claim.

Many men are sufferers from nervous debuilty, impaired memory, low spirits, and the other derangements of body and mind due to permicious habits contracted in youth, or to later excesses, resulting in a loss of manily spower, wrecked constitutions, and not mirequently in softening of the brain, epilepsy, paralysis, and even insanity. To reach and reclaim these unfortunates is one of Br. Waiker's alms, and he has been the means of restoring hundreds of them to be alth and happiness.

ITS PRACTICE REVERSED.

Judge Cole Renders an Important Decision in the Colegrove Case. Judge Cole yesterday rendered a de

versely to the Government. The facts are that Mr. Colegrove has a large number of contracts for transportation of United States mails in nearly all the States and Territories, on which, since December, 1893, no money has been paid to him, the amounts having been withheld by the Postoffice Department for he purpose of liquidating sandry claims

Dr. Colegrove claimed the right to set tle these claims, and disputed the authority of the Department to withhold moneys due him, and the matter was carried to

He claims that the Government has defaulted on a large number of its contracts with him and that it is now owing him many thousands of dollars.

The principle involved in the arguments before his honor. Judge Cole, is whether or not the Post office Department has the right under the statute to make use of monies due Dr. Colegrove on routes in one State and divert it to the liquidation of claims in other States or other routes.

Judge Cole overrules the demurrer of the District Attorney and decides that the Postmaster General has no authority to make use of money due one carrier or due Dr. Colegrove to pay another carrier. The decision overrules the practice of the

The body of Robert Adams, a colored man about 30 years old, who was probably drowned on Tuesday, was found floating in the canal yesterday morning. From the condition of the corpse it would

seem that the body had been in the water about twenty-four hours.

Adams, alias "Shorter," disappeared

on Monday from his usual haunts and his body was found in the canal near the N street bridge by Alice Pendleton, who was crossing the bridge about 10:30 yesterday morning.

all parts parts of the country. Mr. H. H. Kohlsaat, proprietor of the Chicago Times-Herald, looks with much favor upon this movement of farmers into the South, but claims that Southern railreads discriminate against Western traffic in favor of New York and the East, and that before Chicago can do its full share of business in the South there must be a radical change in railroad rates.

Many other letters lay special stress on this railroad question, Mr. W. C. Shaw, secretary of the Board of Trade and Transportation of Cincinnati, taking very strong ground against the present railroad situation and claiming that it is hampering the development of both the South and the West in their mutual business relations. Mr. E. P. Wilson, secretary of the Na-

Mr. O. L. Brown, secretary of the Commercial Exchange, Des Moines Iowa., says: "One of the blessed things now taking place is the growth of a better acquaint ance and understanding between the North and the South.
